Addis Ababa, Ethiopia

SUMMARY

Currently a 4th year Software engineering(IT stream) student at Addis Ababa University, Addis Ababa Institute of Technology. Skilled in python, mySQL, HTML/CSS, JS with the desire to enhance my skills and grow as a software developer.

EDUCATION

Bachelor's Degree in Software engineering(IT stream)

Addis Ababa University

2021 - Present

Completed High School

Cruise school

2017 - 2020

CERTIFICATION

Python Essentials

Verified by Cisco Networking Academy

Fundamentals of Networking

Verified by Cisco Networking Academy in collaboration with Addis Ababa University

PROJECTS

Two birds with 1 stone game

2023

Summary

- Successfully implemented a this game for Computer graphics course using python's pygame and opengl and recived a great distinction.

Simple Elevator system

07/2022 - 08/2022

Summary

- Successfully implemented an elevator system using python and what we learned in data structures and algorithm course and recived very great distinction.
